

5.2 Environmental Policy

Industrial Medic Services (IMS) Pty Ltd is committed to environmentally sustainable service provision and considers environmental factors throughout its processes and operations.

This commitment is demonstrated through:

- IMS regularly serviced and maintained vehicles and equipment
- Identifying and implementing initiatives for the prevention and control of healthcare associated infections
- IMS environmentally responsible waste management practice
- Ensuring adequate resources are available to personnel to fulfil their duties in an environmentally friendly manner
- Consulting with interested parties and ensuring their needs and expectations are being met

IMS is committed to:

- Complying with all environmental and occupational health and safety legislation and other industry and customer requirements
- Protecting the environment through its processes and operations
- Continually improving our environmental management practices, by measuring our performance against environmental objectives and targets and reviewing operations where required

IMS employees are actively encouraged to support this environmental commitment by:

- Ensuring a safe environment including all environmental hygiene concerns
- Comply with this policy when undertaking tasks
- Escalating risks (i.e. identified environmental hygiene or maintenance deficiencies) to management

IMS cares for the environment. This Environmental Policy is communicated, implemented and maintained at all levels of within the organisation. IMS regularly reviews the effectiveness and suitability of this policy to ensure alignment with ISO 14001 and our business objectives.
